# Statewide Chronic Absenteeism Analysis 

## DATA ANALYSIS • TRENDS • PROMISING PRACTICES

School Innovations \& Achievement (SI\&A) is an expert on student attendance, school-to-home communications and data analytics.

SI\&A is unmatched with their automated capability to cleanse and standardize data.

SI\&A has the cleanest set of current and historical K-12 attendance data.

## What we are seeing?

- Massive amounts of unexcused and unverified absence code usage
- High level of absences due to quarantine (for those who track it)
- Chronic absence rates were bad last year, now worse this year
- Enrollment continues to decline

What are you seeing?

## Demographic Breakdown of Dataset

The pie chart displays the racial/ethnic composition of active students in the districts. This composition closely resembles the overall California state enrollment.

The dataset includes districts from the following 17 counties across California: Contra Costa, Fresno, Humboldt, Kern, Kings, Los Angeles, Merced, Monterey, Riverside, Sacramento, San Bernardino, San Mateo, Santa Barbara, Santa Clara, Sutter, Tulare, Ventura

## A2A District Chronic Absence Rates are Lower

- It's important to note, although the data shows an increase in chronic absentee rates, what we know is that A2A districts have better results than most non-A2A districts.
- A2A district partners outperform the statewide average in chronic absence rates when looking at the CA Dashboard chronic absentee rate changes from 2017-18 to 2018-19.
- The CA Dashboard did not report for the 2019-20 school year

## THE STATE

The state-wide chronic numbers
INCREASED by $8.11 \%$
for K -12 students and
INCREASED by 11.96\% for K-8 students.

## A2A PARTNERS

Our district partners' chronic numbers
DECREASED by $0.29 \%$
for K -12 students and
DECREASED by 0.16\%
for K-8 students.

## Overall Increase in Chronic Absence

- Unfortunately, we see a 9.4\% increase in the overall chronic rate, which is a nearly $52 \%$ growth rate compared to this time last year.

|  |  |  | Oct 2020 vs. Oct 2021 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | \left\lvert\, | Oct 2019 |
| :---: |
| Chronic |
| Absence Rate | | Oct 2020Absence Rate <br> Chronic |
| :---: |
| Oct 2021 <br> Chronic |
| $11.2 \%$ |\right.

## Chronic Absence Comparison by District Type

- Once again, Elementary School Districts have the largest rate of increase in chronic rates.
- High School Districts have the highest chronic rate
- $34 \%$ of their students are chronically absent.

|  |  |  |  | Oct 2020 vs. Oct 2021 |  |
| :---: | :---: | :---: | :---: | :---: | :---: |

## Chronic Absence Comparison by Enrollment

- The largest rate of increase in chronic rates is one again seen in districts with < 3500 student enrollment.

|  |  |  |  | Oct 2020 vs. Oct 2021 |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| District Size | Oct 2019 Chronic Absence Rate | Oct 2020 Chronic Absence Rate | Oct 2021 Chronic Absence Rate | A2A Rate of Increase | Est. Non-A2A Rate of Increase |
| <3500 | 7.7\% | 14.0\% | 26.4\% | 88.2\% | 148.1\% |
| 3500-5000 | 14.2\% | 18.7\% | 32.3\% | 72.2\% | 117.0\% |
| 5000-10000 | 10.4\% | 15.5\% | 22.3\% | 43.6\% | 97.7\% |
| 10000-20000 | 11.2\% | 19.6\% | 26.3\% | 34.2\% | 77.1\% |
| > 20000 | 12.2\% | 18.7\% | 30.9\% | 65.3\% | 110.2\% |

## Chronic Rate Comparison By Grade

- We see the largest rate of increase in chronic rates in the primary grades

|  |  |  |  | Oct 2020 vs. Oct 2021 |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Grade | Oct 2019 Chronic Absence Rate | $\text { Oct } 2020$ <br> Chronic Absence Rate | Oct 2021 Chronic Absence Rate | A2A Rate of Increase | Est. Non-A2A Rate of Increase |
| KG | 11.8\% | 14.1\% | 32.7\% | 131.6\% | 217.3\% |
| 1 | 9.0\% | 14.1\% | 28.3\% | 101.4\% | ( 187.6\% |
| 2 | 7.5\% | 13.1\% | 26.0\% | 98.1\% | 190.3\% |
| 3 | 7.0\% | 11.9\% | 23.9\% | 100.2\% | 201.7\% |
| 4 | 6.8\% | 12.0\% | 22.5\% | 86.9\% | 187.5\% |
| 5 | 7.1\% | 11.9\% | 21.9\% | 83.3\% | 184.7\% |
| 6 | 7.5\% | 15.7\% | 21.9\% | 39.1\% | 116.1\% |
| 7 | 9.4\% | 19.7\% | 23.9\% | 21.7\% | $\bigcirc 83.4 \%$ |
| 8 | 9.9\% | 18.6\% | 23.6\% | 27.0\% | 92.2\% |
| 9 | 11.1\% | 24.4\% | 27.8\% | 13.9\% | 48.4\% |
| 10 | 15.5\% | 23.8\% | 31.3\% | 31.4\% | 66.6\% |
| 11 | 16.5\% | 22.7\% | 31.6\% | 39.1\% | 76.0\% |
| 12 | 18.5\% | 22.0\% | 32.5\% | 47.5\% | 85.7\% |

## Chronic Rate Comparison By Grade

## Missed Instructional Time

- Total Missed Hours of Learning Time: 4,141,096 Hours

## Chronic Absence Comparison by Race/Ethnicity

- The highest rates of chronic absence is still experienced by Black and Hispanic/Latino students.

|  |  |  |  | Oct 2020 vs. Oct 2021 |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Race/Ethnicity | Oct 2019 <br> Chronic Absence <br> Rate | Oct 2020 <br> Chronic Absence <br> Rate | Oct 2021 <br> Chronic Absence <br> Rate | A2A Rate of <br> Increase | Est. Non-A2A <br> Rate of <br> Increase |
| Hispanic/Latino | $11.8 \%$ | $20.4 \%$ | $29.9 \%$ | $73.2 \%$ | $87.6 \%$ |
| White | $10.0 \%$ | $11.4 \%$ | $22.4 \%$ | $14.1 \%$ | $171.0 \%$ |
| Black | $15.9 \%$ | $28.8 \%$ | $34.6 \%$ | $81.0 \%$ | $49.2 \%$ |
| Asian | $5.1 \%$ | $6.7 \%$ | $11.4 \%$ | $30.3 \%$ | $197.1 \%$ |
| Multiple Ethnicities | $10.7 \%$ | $15.5 \%$ | $24.3 \%$ | $43.9 \%$ | $111.7 \%$ |
| Filipino | $5.3 \%$ | $6.0 \%$ | $13.4 \%$ | $12.7 \%$ | $262.9 \%$ |
| Native American/Alaskan | $15.3 \%$ | $21 \%$ | $35 \%$ | $40.7 \%$ | $101.5 \%$ |
| Pacific Islander | $18.6 \%$ | $26 \%$ | $31 \%$ | $41.7 \%$ | $47.4 \%$ |

Ethnicities ordered by largest to smallest proportion of the population

## Number of Days Missed by Chronically Absent Students

- Chronic absenteeism is applied to $10 \%$ or more of missed day.
- Disaggregating the data allows us to see that most students have only missed a few days so far.
- Majority of kids have missed less than 7 days.

## Subgroup Comparisons

- ELL student chronic absence rates continue to rise.
- Unfortunately, non-ELL designated students have caught up.

| English Language Learners |  |  |  | Oct. 2020 vs. Oct. 2021 |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Subgroups | Oct 2019 <br> Chronic <br> Absence Rate | Oct 2020 <br> Chronic <br> Absence Rate | Oct 2021 <br> Chronic <br> Absence Rate | Increase in <br> Chronic | Rate of <br> Increase | Est. Non-A2A <br> Rate of <br> Increase |
| English Language <br> Learner | $12.8 \%$ | $25.2 \%$ | $28.7 \%$ | $3.4 \%$ | $13.6 \%$ | $47.0 \%$ |
| Non English <br> Language Learner | $10.9 \%$ | $16.0 \%$ | $27.5 \%$ | $11.5 \%$ | $72.0 \%$ | $124.5 \%$ |

- Chronic absence rates increased by $11.5 \%$ for students who have F\&R Lunch Status
- Paid Lunch students' chronic absence rates doubled. Increasing frim $10.1 \%$ to $23.8 \%$

| Free \& Reduced Lunch |  |  |  | Oct. 2020 vs. Oct. 2021 |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Subgroups | Oct 2019 <br> Chronic <br> Absence Rate | Oct 2020 <br> Chronic <br> Absence <br> Rate | Oct 2021 <br> Chronic <br> Absence <br> Rate | Increase in <br> Chronic | Rate of <br> Increase | Est. Non-A2A <br> Rate of <br> Increase |
| Free \& | $13.3 \%$ | $23.2 \%$ | $34.7 \%$ | $11.5 \%$ | $49.4 \%$ | $85.6 \%$ |
| Reduced Lunch | $8.4 \%$ | $10.1 \%$ | $23.8 \%$ | $13.7 \%$ | $135.9 \%$ | $219.3 \%$ |
| Paid Lunch | $8 \%$ |  |  |  |  |  |

## Suldgroup Comparíson

- The chronic absence rate for students not in foster care jumped to rates similar to students in foster care.

| Foster Care |  |  |  | Oct. 2020 vs. Oct. 2021 |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Subgroups | Oct 2019 <br> Chronic <br> Absence Rate | Oct 2020 <br> Chronic | Oct 2021 <br> Chronic | Increase in <br> Chronic | Rate of <br> Increase | Est. Non-A2A <br> Rate of <br> Increase |
| Foster Care | $13.5 \%$ | $22.6 \%$ | $33.8 \%$ | $11.2 \%$ | $49.7 \%$ | $86.9 \%$ |
| Permanent <br> Housing | $9.3 \%$ | $13.0 \%$ | $28.5 \%$ | $15.5 \%$ | $119.0 \%$ | $183.6 \%$ |

*Permanent Housing status includes any student who is not categorized as Foster Care status

## Enrollment Continues to Drop

334,000

- These districts show a decline in the number of active students in Oct 2020 vs. Oct 2021

- Those 6,357 students equate to almost 1.9\% of the active student population in Oct 2020

## Behind the Numbers

- California is experiencing zero population growth for the first time in decades
- Statewide enrollment trends have been on a slow decline; however, the drop from 2019-20 to 2020-21 was by far the largest drop ever at $-2.60 \%$ in the statewide student population*
- Zero population growth in 2020 and demographic projections suggest that student enrollment will endure a long period of decline, resulting in a nearly 11.4\% fall by 2030-31*
- Anecdotally, our team has heard a few drivers behind some of these numbers
- Kids not prepared for classroom environment. Increase in fighting and decrease in social skills, SEL/mental health issues
- Continued instability at home
- Disaffected families due to the shut downs, masking and quarantines

## Recommendations

- Review attendance taking practices and ensure fidelity
- "Inspect what you expect"
- We recommend that districts differentiate absences due to pandemic
- Implement a pandemic-related absence code (Excused)
- Prioritize outreach to students chronically absent last year
- Know your data. Know what it means and the story it is telling at your district
- Enlist all departments to focus on attendance, regularly share the data with other teams

## Recommendations

- Resume weekend makeup to increase opportunities for learning
- We recommend districts send excused absence notifications for excused reasons including quarantined kids explaining: IS options, Saturday school, health resources if student is showing symptoms, etc.
- Think ahead- Now is the time to double down on attendance messaging
- Delta \#s dropping
- Holidays are coming
- Fiscal Cliff- many school districts will experience a funding cliff at some point in the future if they are experiencing attendance declines exacerbated by COVID-19*

## SaveRates: Efficacy of Attendance Letters

*Truancy Letters and Unexcused Distance Learning Letters included in Unexcused Absence Letter rate. EEA Letters and Excused Distance Learning Letters included in Excused Absence Letter rate. EA Letters and General Distance Learning Letters included in General Absence Letter rate.
